

Cut appraisal costs. Resolve claims faster.

PDA Xpress turns your customer's smartphone into a super-fast appraisal tool. When they file a claim, all you need to do is send them a link. They just point, tap and submit. Within 3 business hours, we manage the entire appraisal process and complete an estimate for repairs.

Estimates made easy for your policyholders

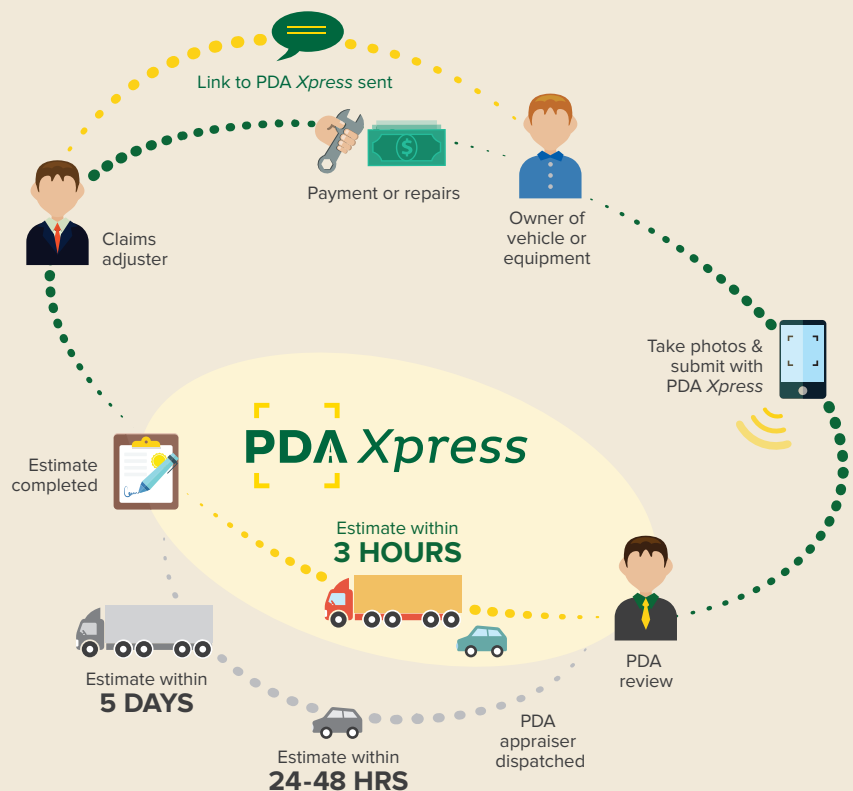

- Upload photos of damage from any location
- No appointments for estimates
- No visits to a body shop

Estimates made efficient for you

- Estimates completed in 3 hours or less
- Estimates returned to the adjuster and/or vehicle owner
- PDA, not the adjuster, manages the process, including supplements

Worry-free support for you and your policyholders

- National network of field appraisers available when required
- Integrates with PDA Claims Management System
- Fully supported by PDA Customer Support

PDA Xpress is perfect for claims on medium-duty and heavy-duty trucks and trailers.

After all, these operators earn their livelihood on tight timelines with minimal downtime.

That's exactly the point of PDA Xpress. We can process their estimate in 3 hours or less, too!

In cases when damage cannot be appraised through images alone, PDA will dispatch an automotive or equipment appraiser from our nationwide network. Again, no extra effort on your part at all!
